**Hang your head in shame**

Oh does your conscience ever bother you  
Everytime you hear my name  
Oh try to think of all that I've gtone through  
And hang your head in shame

Some one came along and took my place  
Then you gave me all the blame  
Oh you should go somewhere and hide your face  
Then hang your head in shame

Now when you said I was the only one  
Was it just your little game  
Try to think of all the harm you've done  
And hang your head in shame

\* Refrain

I should hate you but I love you still  
In my heart I've kept the flame  
Now you'll be sorry darlin' yes you will  
Then hang your head in shame

\* Refrain
