

Bluegrass Songs - Lyrics

I love no one but you

Now tonight as I write this note to you
There's sorrow in my heart
I hate to say good bye my dear
But it's better that we part

Don't think that I've grown tired of you
Of found somebody new
For you were all I've ever had
And I've loved no one but you

Now when you read this note my dear
I hope you'll understand
And think of the one that loves you best
This broken hearted man

* Refrain

Now that I have loved and lost
I hope you're satisfied
It will be so hard to go through this word
With a broken heart inside

* Refrain
