

**Bluegrass Songs - Lyrics**  
**www.traditionalmusic.co.uk**

**I needed you**

I needed you when I met you  
You were just playing around  
While I painted dreams of our everlasting love  
You were just painting the town

Then when you said it was over  
I found the heart good and true  
Now that it's too late you've discovered  
You needed me like I needed you
