I will always be waiting for you

It's been many weeks my dear since you told me
That you loved me so dearly and true
But today it seems to me you have changed dear
For you're telling me that our love is through

When you're far, far away from me darling
If you're sad and you don't know what to do
And you feel that no one cares about you
I will always be waiting for you

Oh, I can't forget the day that you told me
That you'd love me and be my sweetheart
But it looks like my dear you've forgotten
For you say now that we have to part

* Refrain

All the days seem so lonesome and dreary
And the nights are so lonely and blue
Since you left me alone here without you
Oh, please come back I'm waiting for you

* Refrain
