

Bluegrass Songs - Lyrics
www.traditionalmusic.co.uk

I'd rather have it this way

I'd rather be lonely than be unhappy
I can't take the life that you lead
Your wild kind of life is not my way of livin'
And I'd rather have it this way

You promised to love me and that's all that matters
But now you've broken those vows
Your night life and bright lights were your kind of choosin'
So I'll say goodbye to you now
