**If I had my life to live over**

There a little log hut down in old Caroline  
All the doors are shut and its covered with vine  
Thats where I lived when just a lad  
I was happy there with Mother and Dad

Now I'm alone and oh so lonely  
I know my heart would be so sad  
But if I had my to live over  
I'd dtay at home with Mother and Dad

I left my home down in old Caroline  
I rambled round from time to time  
I waited too long to start back home  
For the ones I loved had done passed on

\* Refrain

Now I've got no parents no place to call home  
I'm out in this world and I'm on my own  
My heart is broke, my heart is sad  
For I've got no home, no Mother or Dad

\* Refrain
