

Bluegrass Songs - Lyrics
www.traditionalmusic.co.uk

I'm afraid my darlin's gone

Oh, I'm afraid my darlin's gone
She won't be there when I get home
My heart beats true for you mu dear
And losing you has been my fear

The road is dark and cold tonight
I see your face in each head light
And as I travel all alone
I pray you're there when I get home

* Refrain

The love I have for you is real
It's not the kind someone can steal
I know someday when I get home
My heart will break to find you gone

* Refrain
