**Kiss me once again**

Kiss me once again then if I complain  
Tell me that you love me and kiss me once again

A kiss is something we have shared, that never will grow old  
A kiss from you can thrill my heart and make my blood cold  
For when I'm with the one I love, my heart beats wild within  
When I feel your warm lips close to mine, just kiss me once again

\* Refrain

Your kiss melted my heart of stone and made me think I'd win  
Wiped all suspicion from my mind and made me love again  
From now until eternity your heart I know I'll win  
When stars start shining in your eyes, just kiss me once again

\* Refrain
