

Bluegrass Songs - Lyrics
www.traditionalmusic.co.uk

My darling, you know that I love you

Now darling, you know that I love you
And hope you will love me sometime
Now darling you know that I trust you
And I hope you will soon change your mind

I wish we were both here together
While I'm writing the words to this song
But if you could write me a letter
Then it wouldn't seem so very long

* Refrain

Remember when we were together
You said you'd come back some day
I'm saving all my love for you darling
And that's all that I can ever say

* Refrain

If you ever change your mind dear
And feel that you want someone new
Just tell me all about your little secret
Then I won't feel so sad and so blue

* Refrain
