

My deceitful heart

My Deceitful heart keeps changing its mind
Hurtin everyone but me
Each time I fall in love it's soon that I find
My fickle heart longs to be free

Don't fall in love with me
Let me warn you from the start
I'm so in love with you but I know I'll break your heart
Yes, I'll only break your heart

* Refrain

Gee but your wonderful
And I like to make you mine
But I don't think my love could ever stand the test of time
Cold stand the test of mine

* Refrain
