

Bluegrass Songs - Lyrics
www.traditionalmusic.co.uk

Singing all day and dinner on the ground

Oh, the little country church where we used to sing and pray
How God would bless us in the old fashioned way
It's still in my memory, oh, I can see it now
We would sing all day, have dinner on the ground

If the whole world loved Jesus you'd find more people there
Singing, rejoicing as they kneel in prayer
Then an old fashioned handshake and gather around
At the Singing all day and dinner on the ground

* Refrain

We would sing those old songs and the preacher would preach
Of how Jesus died for you and for me
You could feel the Great Spirit from Heaven pouring down
At the singing all day and dinner on the ground

* Refrain
