Steamboat whistle blues

I crossed the river, I felt fast asleep
Crossed the river, I felt fast asleep
Crossed the river, I felt fast asleep
When I woke, I had shackles on my feet

I thought I heard that steamboat whistle blow
I thought I heard that steamboat whistle blow
I thought I heard that steamboat whistle blow
Blow like she's never blowed before

I said Judge what might be my fine ?
I said Judge what might be my fine ?
I said Judge what might be my fine ?
Sixty days away on down the line

* Refarin

Sixty days in a lonesome jail to go
Sixty days in a lonesome jail to go
Sixty days in a lonesome jail to go
I can't hear that steamboat whistle blow

* Refrain
