**Tennessee truck driving man**

I'm a Tennessee truck driving man  
Tennessee truck driving man  
I packed the load and I know the road  
I'm a Tennessee truck driving man

I leave the terminal loaded  
Heading for the eastern seaboard  
There ain't a thing between me and the end of the run  
But this highway, this truck and my load

\* Refrain

I keep the long haul steady  
Making my stops on the run  
Then I'll break her down, turn her around  
To get back to my home base on time

\* Refrain
