**That star belongs to me**

See that star up yonder mister  
Shining down that the whole wide might see  
That's my daddy there in heaven  
And that star belongs to me

My daddy died over yonder in a land across the sea  
And he left me and mommy alone and here are we  
I promised to be a good girl, stay with mommy every day  
But I get so lonesome for daddy that's why to you I say

\* Refrain

I pray each night and morning for daddy and mammy and me  
Some day we'll be together once again like we used to be  
Some day I'll see my daddy and we'll walk the streets of gold  
With mommy we'll be so happy once again to you I'll say

\* Refrain
