

**The night I got saved**

The night I got saved I went to church with my dad  
And all of a sudden this strange feeling I had  
I fell on my knees and how I did pray  
For Jesus to save me take my sins away

The night I got saved I saw Calvary  
I could see Jesus hanging as he died on the tree  
I could see drops of blood and the pain on his face  
No one but my Savior, no one took his place

His hands were all bruised, bleed flowed down his side  
With thorns on his head my Savior then died  
But the third day my Jesus did rise from the grave  
I visioned these things the night I got saved
