We can't be darlings anymore

Darling you often said you loved me
But you've gone on before
You don't know dear how I miss you
But we can't be darlings anymore

Darling I'm sad and lonely
Since you've gone on before
For down here on this lonely earth here
We can't be darlings anymore

Until we meet up there in heaven
Then we can walk the golden shore
But down here on this lonely earth here
We can't be darlings anymore

* Refrain

I have lost a million tears dear
Since you left this world alone
But we can never be again darling
Tell we meet around the throne

* Refrain
