**We'll be sweethearts in heaven**

Darling do you really love me  
Are you the girl used to know  
Something's happened to you darling  
But it pleases me know

life is sweet when love is blooming  
Like a wild rose on the hill  
But when lovers part forever  
Where it ends no one can tell

\* Refrain

Many lonely nights I've traveled  
Far across the barren land  
Thinking of that peaceful village  
Where we once strolled hand in hand

\* Refrain

When our journey here is ended  
And this life on earth is done  
We'll be sweethearts up in heaven  
For me I know you are the one

\* Refrain
