**You broke your promise**

Today I'm alone and thinking of you  
For you said we'd never part  
But you done gone away and left me  
Left me with a broken heart

You promised to love me forever  
And to me you would always be the same  
But darling you broke your promise  
And now I know your little game

My heart's still crying for you darling  
For it knows I love you true  
And some day in the future sarling  
Your heart may be crying too

\* Refrain

I hope my dear you'll be happy  
And never be alone and blue  
For I still love you darling  
Though you left me here so blue

\* Refrain
