

## Jumping Jack Flash-Rolling Stones

Jumping Jack Flash - Rolling Stones  
(as I hear it) are B, D, A, and E.

The opening riff (also, the middle section)  
is just B-E-D repeated (3 times  
for the intro, 4 for in the middle) followed  
by B strummed a few times.

During the verses, the riff is the simple

```

-----
*-----*
---8--8-----
---9--9-----7---7---7---
*---9--9---7-9---7-9---7-9---*
---7--7-----

```

The chorus is

```

      B      D      A      E
But it's al----right      now,
              B
in fact it's a gas....

      B      D      A
But it's al----right
E              B
Jumpin' Jack Flash, it's a gas gas gas!

```

That's the chord progression. If anyone knows the counter-melody played during the chorus, please post it.

The opening section to Brown Sugar is

```

      C      G      C      F
-----
*---13--12---5-5--6-6--*
---12--12---5-5--5-5---
---14--12---5-5--7-7---
*-----*
-----
repeat 4 times

```

```

      Eb      Eb11      Eb      C      C11      C      Ab      Bb      F      C
