

Rocket 88-lyrics

by James Cotton

(spoken blues)

You heard of those dirty jalopies,
you heard of the noise they make,
let me reintroduce my new Rocket 88,
yeah she's straight, just won't
wait, everbody likes my Rocket 88,
Ride with me all round town in joy.

She's got a V-8 motor, baby black in design,
black convertible top and the girls don't mind,
Ride around the corner gonna get a fifth-everybody in my car's
gonna take a little nip.....
