 Congratulation for breaking my heart
 G F C
 Congratulation for tearin' it all apart
 C F
 Congratulation, you finally did succeed
 G F C
 Congratulation for leavin' me in need

Bridge:

 This morning I looked out my window and found
 Dm G6 (Dm) F C
 That bluebird singin' but there was no-one around
 C G Dm
 At night I lay alone in my bed
 Dm G6 (Dm) F C
 with the image of you goin' around in my head

Congratulation for bringing me down
 Congratulation, now I'm sorrow bound
 Congratulation, you got a good deal
 Congratulation, how good you must feel

Bridge:

I guess I must have loved you more than I ever knew
 My world is empty now cause it don't have you
 And if I had just one more chance to win your heart again
 Dm G6 (Dm) F G
 I would do things differently, but what's the use to pretend?

Congratulation for making me wait
 Congratulation, now it's to late
 Congratulation, you came out on top
 Congratulation, you never did know when to stop
