Well sometimes you can't see him so good
 When he hides his head neath a snow white hood
 An' rides to kill with his face well hid
 An' then goes home to his wife an' kids.

Wonder if his kids know who he is?

Well he wants you to hate, he wants to fear
 He wants you to fear somethin' that's not even there.
 He'll give you his hate an' he'll give you his lies
 He'll give you the weapons to run out an' die
 An' you give him your soul.
