```
To Fall In Love With You
words (?!) and music (!) Bob Dylan

B

   F#        E
A tear go down
    F#        E
my day is real
           F#      G#m
but your dying eye
   F#        E
upon the same
     F#           E/g#
and need just road
       F#         E
for me from you
      F#   G#m
what paradise
       F#      E
what can I do?
                 B
That die for my
                  F#
and the day is dark
              G#m
I can['t] believe
          F#        E
[for the end of time]
                 B
What I could find
            F#
Oh time is rye-ou-lou
                G#m
'f I fell in love
   F#        E
To fall in love
   F#        G#m
To fall in love
F#    B
with you

The day is dark
our time is right
day in the night
deep in the night
I came [dev] be back
I hear-a my-a surprise
I see it in you live
I knew it in your eyes
well I feel your love
and I feel no shame
I can't unleash your horde
I call your name
What were to me
What can I do?
To fall in love
To fall in love
To fall in love
with you

It just rolls
upon the sand
[deverthisse] now
I made the man
can make you feel
what I can find
```

I know it in my days
Ah in my dreary mind
Oh will ages roll
Will ages fly
I hear your name
where angel lie.
What do I know?
for to come it's true
To fall in love
To fall in love
To fall in love
with you

How can the doors
a trust on a nail
how can I be surprised
of most everything
ah in the distant road
I can['t] be the same
I feel no love
I kill no shame
I can't watch the bay
Out on my an own
we've a destined man
I came atist it all
[I didn't] I could find
Where I could go
To fall in love
To fall in love
To fall in love
with you
