

I'VE GOT TO FIND MY BABY - ELVIS PRESLEY  
(Words and music by J. Byers)

I've got to find my baby  
I wonder where can she be  
Has anybody seen her  
Send her back to me

She left me here all alone  
And I ain't had no lovin'  
Since my baby's been gone  
My baby's gone

I've gotta find my baby  
I gotta hold her tight and tell her I love her  
Tell her everything's all right  
So I'll keep searching  
All night long  
'Cause I ain't had no lovin'  
Since my baby's been gone  
My baby's gone

I've gotta find my baby  
I've gotta find my baby  
Gotta find my baby
