

I WANT YOU WITH ME - ELVIS PRESLEY

When I was little, my mama said to me.
Some day you'll find a love, son, to last eternally
I want you with me, everyday I do
Well please don't leave baby, oh I love you so

I could be the ruler, of this whole wide world
If you would only say that you'll be my girl
I want you with me, every day I do
Oh Girl you know I need you, I'm so in love with you

There is no mountain, that I can't climb
You find the mountain child and I will find the time
I want you with me, with me night and day
Oh girl you could me happy, oh baby don't you run away

I'll swim an ocean with a raging foan
If I know that you'll be there when I come back home
I want you with me, Oh I love you so
Well I want you with me baby I will never let you go

ay-ay...I want you with me
mm-ay-hay I want you with me

Well I want you with me baby
I will never let you go -oh - oh....
