                    C                 Am7           F           G7
There must be light burnin' brighter somewhere
             C             Am7      Dm7      G7
Got to be birds flyin' higher in a sky more blue
              C         C7                F                        E7        Am7
If I can dream, of a better land where all my brothers walk hand-in-hand
        C        A7      F              C    Am7  Dm7    G7
Tell me why, oh why, oh why can't my dream come true, oh why
```

```
                  C                 Am7       F           G7
There must be peace and understanding sometimes
                 C             Am7             Dm7          G7
Strong winds of promise that will blow away the doubt and fear
          C              C7               F                      E7    Am7
If I can dream of a warmer sun where hope keeps shining on everyone
          C        Am7      F              Dm7 G7 C        F  C  C7
Tell me why, oh why, oh why won't that sun appear
```

BRIDGE:
```
F                      C
We're lost in a cloud, with too much rain
F                      C
We're trapped in a world that's troubled with pain
F                                 C     E7  Am7
But as long as a man has the strength to dream
          Dm7               G7
He can redeem his soul and fly
```

```
              C                 Am7      F           G7
Deep in my heart there's a tremblin' question
              C         Am7                      Dm7      G7
Still I am sure that the answer's, answer's gonna come somehow
                      C                      F
Out there in the dark there's a beckoning candle yeah
              C                 Am7           C                   Am7
And while I can think, while I can talk, while I stand, while I can walk
          F                    G7
While I can dream, oh please let my dream come true, oh
