

PLANTATION ROCK - ELVIS PRESLEY  
(Words and music by Giant - Baum - Kaye)

Now come along with me  
We'll do the plantation rock  
It's easy as can be  
You'll wanna dance round the clock  
Well it became a sensation  
Rockin' on the plantation  
Dancin' in the fields down to each dock  
Now do the plantation rock

So come on bend your knees  
Twist with ease side to side  
Like the swaying trees keep in rhythm  
Now have some pep double step  
Shake right there like a rockin' chair  
And stay with them

Well now you're right at home  
Doin' the plantation rock  
Just do it as you were shown  
You'll wanna dance round the clock

Well just like on the plantation  
Folks all over the nation  
Started rockin' on each street and block  
Gonna do the plantation rock  
Do the plantation rock  
Do the plantation rock  
Do the plantation rock
