

## SOLDIER BOY - ELVIS PRESLEY

(Words and music by David Jones - Theodore Williams)

Soldier boy why feel blue  
Don't you believe that she will be true  
It's written in the blue  
That she was meant for only you

Soldier boy tell me why do you cry  
When you return she'll rush to your side  
It's written in the book  
That she was meant for only you

So prove your love is true  
She'll be there to say "I do"  
And if you go o'er sea or land  
She'll make you understand

While you're gone oh try to believe  
Her love for you is really for real  
It's written in the book  
That she was meant for only you

So prove your love is true  
She'll be there to say "I do"  
And if you go o'er sea or land  
She'll make you understand

While you're gone oh try to believe  
Her love for you is really for real  
It's written in the book  
That she was meant for only you
