

THE NEXT STEP IS LOVE - ELVIS PRESLEY  
(Words and music by Evans - Parnes)

Yesterday, has slipped away  
And the sun is a welcoming the evening  
Shadows of a perfect day  
And the next step is love  
The next step is love

We've walked barefoot through the misty meadows  
Laughing at each other in the rain  
Made some faces at some people in the park  
And didn't bother to explain  
Fun, fun, look at us run  
Going nowhere special really fast  
But we've yet to taste the icing on the cake  
That we've been baking with the past

And the next step is love  
So what are we waiting for?  
The next step is love  
Girl, it's for sure

Yesterday, has slipped away  
And the sun is a welcoming the evening  
Shadow of a perfect day  
And the next step is love  
The next step is love

Love will be a place to run to  
From the world they've willed to you and me  
We'll be closer than we've ever been  
Though looking back it's so hard to believe  
Hang it all out or bring it all in  
The best we've picked upon the way to now  
Changes are coming but together  
We can make it through somehow

Cause the next step is love  
So what are we waiting for?  
tWell The next step is love  
Girl, it's for sure

Yesterday, has slipped away  
And the sun is a welcoming the evening  
Shadow of a perfect day  
And the next step is love  
The next step is love

Yes, it's love  
Next step is love

Yes, it's love  
Next step is love
