Elf Call

Elf Call

I heard a bonny cow low over the lea
And it was an elf call calling unto me
And the little elf call said unto me
Come and nurse an elf child underneath the sea
Come and nurse an elf child down beneath the sea

What do you moan for the Elf King said to me
I'm moaning for my own child far across the sea
Then the little Elf King said unto me
Come and nurse an elf child underneath the sea
Come and nurse an elf child down beneath the sea
