In a Cabin in the Woods

In a Cabin in the Woods

In a cabin in the woods

<make house with hands over head>

L'il old man by the window stood

<old man with hand above eyes looking out>

saw a rabbit hopping by, helpless as could be

<two fingers up like rabbit; make hand hop>

help me, help me help, he said

<arms waving frantically (said in high voice)>

For the hunter shoots me dead

<tommy gun motion (low voice)>

come little rabbit come with me

<beckoning motion>

happy we will always be

<cradling motion, or stomach rubbing motion>

The song is usually repeated:

the second time the first verse is hummed,

the third time the first and second verses are hummed,

and so on, until the end
