

## Let It Be Your Lullaby

Let It Be Your Lullaby

(Lorre Wyatt)

When you sing you've got to sing

With the strength of a lullaby;

You'll never know till you try.

When you sing you've got to sing

With the patience of a lullaby;

You'll never know till you try.

Your song's inside you,

Let your song guide you;

Let it be your lullaby.

Succeeding verses--

When you work...

love...

play...

praise...
