## Me Brave Boys

Me Brave Boys

The hounds are out and the morning is clear  
To the woods and the fields now provided  
How can ye, how well ye lie snoring asleep  
While we all on horseback do ride, me brave boys,  
Me brave boys, me brave boys,  
While we all on horseback do ride.

Come fresh up me boots and saddle fair  
Without any longer delaying  
For the cry of the hounds and the sight of the hare  
Will drive all the care far away me brave boys,  
Me brave boys, me brave boys,  
Will drive all the care far away.

See yonder the houndsman, he starts for the hoofs  
We have her all in full view  
And we'll never forsake her 'till we overtake her  
So leisurely let us burst through me brave boys  
Me brave boys, me brave boys,  
So leisurely let us burst through.

No pleasure like hunting to pass a long day  
It covers the hills and the dales  
Then the flight to supper we'll dance and we'll sing  
All over a jug of brown ale me brave boys,  
Me brave boys, me brave boys,  
All over a jug of brown ale.
