

Sunshine on the Land

Sunshine on the Land

(David Wilcox)

I went to see an old friend
Who was soon to pass away.
He said, "My life has been so good to me.
Now I still have one more day."

Now, he said that as he watched the morning sun,
And then he smiled my way.
Because he said that every morning,
He lived his life that way.

He said, "I am the sunshine.
You are the sunshine.
We are the sunshine.
Help me understand.
We are the sunshine on the land."
