Wedding Dress

Wedding Dress

Well, my little Doney Gal, don't you guess
Better be making your wedding dress
Wedding dress, wedding dress
Better be making your wedding dress

Well, it's already made, trimmed in green
Prettiest dress you've ever seen
Ever seen, ever seen
Prettiest dress you've ever seen

Well, it's already made, trimmed in red
Stitched and sewed with a golden thread
Golden thread, golden thread
Stitched and sewed with a golden thread

Well, it's already made, trimmed in brown
Stitched all around with a golden crown
Golden crown, golden crown
Stitched all around with a golden crown

Well, it's already made, trimmed in white
Gonna be married on Saturday night
Saturday night, Saturday night
Gonna be married on Saturday night

Well, she wouldn't say yes and she wouldn't say no
All she'd do was sit and sew
Sit and sew, sit and sew
All she'd do was sit and sew
