Easy Going Chap-1937

Regal Zonophone MR2506 Gifford/Cliffe/Formby

Once I thought I would go in for flying and so
 A chap took me up in his plane
 Thought some stunts he would try, loop the loop in the sky
 We turned over and over again.
 Its a good job Im an easy going chap
 Take things as they come
 He quite thought the stunts were cute
 But my nerves they didnt suit
 I cried I'm jumping out and grabbed hold of the parachute
 Then he shouted "That wont open its no good"
 I said "Well I dont care a rap
 If its broken and not sound
 Ill get quickly to the ground
 Its a good job Im an easy going chap

It occurred once to me that a nudist Id be,
 So the camp one day I took by storm
 As I strolled about there, all the girls I declare,
 Passed remarks about my manly form.
 Its a good job Im an easy going chap
 Take things as they come
 They said hes so thin and tall
 Through a crack hed almost crawl.
 If youre looking at him sideways
 Then you cant see him at all
 Hes so skinny like a skeleton he looks
 And of fat he hasnt a scrap
 I said though I've not a lot
 Still Im proud of what Ive got
 Its a good job Im an easy going chap

One night I rang the bell at a country hotel
 And someone came down in the gloom.
 Were all full up they said but well fix up a bed
 If youre willing to share babys room
 Its a good job Im an easy going chap
 Take things as they come
 I said fix me anywhere
 Babys room Ill gladly share
 As soon as I commenced undressing
 I got such a scare
 In the doorway such a lovely girl appeared
 I was just putting on my nightcap
 "Goodness who are you?" I cried
 Im the baby she replied
 Its a good job Im an easy going chap.
