It's In The Air-1938

Regal Zonophone MR2891 Parr-Davies

Is there anybody near us? (No)
Well can anybody hear us? (No)
For I've got something important to say
Skid-a-way, skid-ah, skidoo, tripe and trotters and cowheel stew
Do I seem a little loony? (Well) Well I am a little loony (you said it)
For I've not been feeling myself all day.

Its.... in.... the.... air ... this funny feeling everywhere
That makes me sing without a care today
As I go on my way it's in the air.

It's.... in.... the.... air.... there's great excitement here and there
The sun is shining everywhere and spring
Makes everybody sing, it's in the air.

It's.... in.... the.... air... .I feel so smart and debonair
And I must warn each lady fair beware
Look out and have a care, it's in the air
It's.... in.... the.... airI feel so smart and debonair
And I must warn each lady fair, beware
Look out and have a care, it's in the air.

It's.... in.... the.... air... .I feel so smart and debonair
And I must warn each lady fair beware
Look out and have a care, it's in the air.
