Ring Your Little Bell-1936

Regal Zonophone MR2162 Wallace

Never go to Dr. Quack because you've got the blues  
Medicine won't make em disappear.  
If you've got a mild attack of chronic hoopa-zoos  
Listen, here's a marvellous idea

Now if you're worried dont be blue, ring your little bell, ting-a-ling-a ling.  
You'll be happy if -you do ring your little bell ting-ting.  
Now if you're feeling mighty glum, think of happy days to come.  
Dont sit there and suck your thumb, ring your little bell, ting, ting.

Now once a great explorer went exploring Um Bom Pong,  
Out to catch the monkeys for the zoo.  
He saw a big gorilla waving gorgeous to and from  
Telling all the monkeys what to do.

Now if you're worried dont be blue, ring your little bell, ting-a-ling-a ling.  
You'll be happy if -you do ring your little bell ting-ting.  
Now if you're feeling mighty glum, think of happy days to come.  
Dont sit there and suck your thumb, ring your little bell, ting, ting.

Now all the fuzzy wuzzy hussies out in Zanzibar  
Thought they'd try and slim and be refined.  
Most of them had put on weight and couldn't ha-cha-cha.  
Big Chief Tiger Rag said "never mind".

Now if you're worried dont be blue, ring your little bell, ting-a-ling-a ling.  
You'll be happy if -you do ring your little bell ting-ting.  
Now if you're feeling mighty glum, think of happy days to come.  
Dont sit there and suck your thumb, ring your little bell, ting, ting.

Late one evening our John Willie, after one or two  
Got in bed and said "Good evening, dear",  
The missus said "It's 4 a.m. and I'm fast asleep to you,  
And what's more, tha' can't do that theer 'ere."

But if you're worried, dont be blue, ring your little bell, ting-a-ling-a ling.  
You'll be happy if -you do ring your little bell ting-ting.  
Now if you're feeling mighty glum, think of happy days to come.  
Dont sit there and suck thee thumb, ring your little bell, ting, ting.
