Better Get In That Number  
Old Gospel Song

1. Father's in that number that no man can number  
Father's in that number that no man can number.  
Father's in that number that no man can number.  
Coming down, coming down from God.

CHORUS:

You better get in that number that no man can number.  
You better get in that number that no man can number.  
You better get in that number that no man can number.  
Coming down, coming down from God.

2. Mother will join that number that no man can number  
When Jesus wakes her from her great slumber.  
Voice heard from heaven will be louder than thunder.  
Coming down, coming down from God.
