Can He, Could He, Would He
Old Gospel Song

CHORUS:

Can He (can He save me), could He (could He love me), would He (would He take me)
Can He, could He, would He, yes, He can, He could, He would, and He did.
Can He (can He save me), could He (could He love me), would He (would He take me)
Can He, could He, would He, yes, He can, He could, He would, and He did.

1. From the moment I heard about the Lord and his word,
Well, it seemed to be too good to be true.
And the questions and doubts I tried to figure it out,
But the best that I could do
Was to wander around in the love that I found
Until my questions started answering themselves, singing
Can He, could He, would He, yes, He can, He could, He would, and He did.

2. You can say you don't know it's necessarily so like somebody said it once in a song.
You can be what you choose, but, let me tell you the news, the Lord has loved you all along.
So if you're asking again will the doubts never end, simply trust Him and you'll see for yourself, singing
Can He, could He, would He, yes, He can, He could, He would, and He did. oo-ooo-ooo
