Change In Me
Old Gospel Song

1. Today I ran into the crowd I used to hang around,
And I told them that the world and I no longer could agree.
When they asked me why, this was my reply,
"There's been a change, a change in me."

CHORUS:

There's been a change in me, a change in me.
I'm not the one I used to be.
Old things have passed away since Christ has set me free,
There's been a change, a change in me.

2. That old girl you knew before she's gone forevermore,
She's covered by the blood shed on Calvary.
I've found a brand new plan, I've been touched by God's own hand,
There's been a change, a change in me.
