Family Circle
Old Gospel Song

1. Memories of my childhood days I recall them now and then.
When at home with all the family there.
But the circle has been broken, it's not the same anymore,
And up there we'll meet again on Heaven's shore.

CHORUS:
I wonder if the family circle will be together once again
Over there on Heaven's shining shore.
Never more to separate, we'll sing around the throne.
I wonder if the family circle will all be home.

2. Will Daddy be there waiting when I cross the chilly tide.
Will Mother be there sitting by his side.
I pray the family circle will be together by and by
In a land where the soul shall never die.
