God Will Roll The Waters Back
Old Gospel Song

1. When Moses led that holy band of Israel's out of Egypt land,
It seemed the sea would hold them back
Though Pharaoh's army did pursue, old Moses still to God was true
And God did roll the waters back.

CHORUS:

He'll roll them back (He'll roll them back)
He'll roll them back (He'll roll them back)
His promises no one has ever counted slack. (Counted slack.)
When your doubts and fears before you spread
Like Moses, then by faith was led,-----
And God will roll the waters back

2. Here as you travel day by day and troubles seem to fill your way
The clouds above appear so black.
Remember Moses and his rod, look up and put your faith in God
And God will roll the waters back.

3. Now when you go to join that band of angels in that Promised Land,
Your faith in God, you must not lack.
But if your hopes in Him are swayed, He will not let you be dismayed,
And God will roll the waters back.
