He Has Already Walked Thru The Valley
Old Gospel Song

1. I was walking thru a valley afraid and alone
I had nothing, no no one I could trust and lean upon.
Then I read in the Bible, 'He'd be with me till the end.'
Then I realized my advantage, I was walking with a friend.

CHORUS:

He has already walked thru the valley,
He has already fought in the war.
So when it looks like you'll never see the end of your valley,
Just walk on thru, He's been there before.
Walk on thru, He's been there before.

2. You may think that your valley is more than you can bear,
Look and see the Savior, walk to Calvary, see Him there.
Then you'll be reminded in your valley so low,
That He's right here, right here beside you as the lily that grows.
