Jesus Will Be Coming Back
Old Gospel Song

1. When Jesus walked down here in this world we're living in,
He said before He went away, "I'm coming back again."
I've often read the same and I've heard the story told.
I've been looking for Him since the day He saved my soul.

CHORUS:

Jesus will be coming back like He went away.
It could be tomorrow or it could be today.
When God speaks and says, "My Son, my children's had enough."
Jesus will be coming down and I'll be going up.

2. Now Jesus made this promise on the ground on which He stood,
I believe He's coming back just like He said He would.
My heart just keeps rejoicing, to the brim He fills my cup.
Just to think He's coming back and I'll be going up.
