## More Like Him

C F  
What do you see when you look in my life  
C G  
Tell me what kind of message comes through  
C F  
Do you see something different that most people lack  
G7 C G  
Does someone else greater come into your view

F G C Am  
I want to be more like Him  
F G C  
Reflecting the One who's within  
C7 F G C Am  
I want to be more like Him  
F G7 C  
Reflecting the One who's forgiven my sin

C F  
Now mirrors get dirty and clouded at times  
C G  
In my life no exception you'll see  
C F  
But I hope that through all of my faults and my fears  
G7 C G  
You will catch just a glimpse of the One who's in me
