Number One Love
Old Gospel Song

1. When I think of real love, this comes to mind
The friendships I've made that last a lifetime.
And then there's my family, all the love that they afford,
But my number one love is Jesus, my Lord.

CHORUS:

Number One is Jesus, Number One is His name.
For He saw me worth to blood-wash every stain.
His mercy and forgiveness are second only to none,
Forever my Savior will reign as Number One.

2. Long before the foundation of this earth was ever laid,
Old Satan sought power but soon he lost his place.
Cast out of heaven the struggle had just begun,
The first of heaven's victories to prove who's Number One.
