

My Revolutionary Mind-crd

C G
 Night is here again, baby,
 C G
 I'm stretched out on my bed
 C Bm
 Seeing all kinds of crazy notions
 Am D
 Running through my head

C G
 One hand is on my pillow
 C G
 One hand is on my head,
 C Bm
 I see a million nightmares
 Am D
 Tearing around inside my head

G C
 I need a progressive woman;
 G C
 I need an awfully liberal woman;
 G C
 Ain't no reactionary baby
 Can ease my revolutionary mind.

I need a progressive woman
 I need an awfully liberal woman
 I need a social conscious woman
 To ease my revolutionary mind.

If I could only make you see, babe,
 I ache and pain and bleed,
 I know you'd come a runnin'
 If you blistered both your feet.

I need a progressive woman;
 I need an awful liberal woman;
 I need an open minded mama
 To ease my revolutionary mind.

If you could see me here, baby,
 Broke out with salty sweat;
 No matter where you go I know
 You never could forget

I need a progressive woman;
 I need a liberal thinking woman;
 I need an open hearted mama
 To ease my revolutionary mind.

I ain't no lumpen proletariat,
 And I ain't no petty bourgeoisie
 But I'm gonna be a cold corpse
 If you don't run here to me

I need a progressive shipmate;
 I need a liberous nature lover,
 But no reactionary female
 Can ease my revolutionary mind.

If you're a republican or a democrat,
 Or a white hood Ku Klux Klan,
 No use to ring my doorbell
 'Cause I'll never be your man

I want a union working woman
I want a progressive liberous woman,
I want a nice progressive mama
To ease my revolutionary mind.
