

## From Disgrace To Grace

1.

I was cast down with fear and doubt,  
my life seemed it was through.

On one to care or even to share  
and tell my troubles to.

Then Jesus came and He spoke my name and took away all the shame.  
From disgrace to His grace, He saved me and my sins erased.  
I will never be the same.

Cho.

From disgrace to His grace, I'm a child of the king.

when I met the saviour He changed everything.

No longer a beggar, all heaven is mine.

From disgrace to His grace, forgiveness divine.

2.

If there's no one near, you cries to hear and you're feeling so alone.

Remember Him, the dearest friend this world has ever known.

He'll be your guide, walk close by your side with me you too can say.

From disgrace to His grace, from a beggars rags to a kings embrace.

You will never be the same.
