

Leaving It All Behind

1.

I've been making preparations for that city fair.
I've been getting ready for so long it seems I'll never get there.
Friends and loved ones have gone to their new home.
But soon they'll welcome me, I'm leaving it all.

Cho.

Leaving it all behind, for a new world sublime.
Leaving all my tears and strife entering a world of sunshine.
There's always a silvering leaving it all behind going home.

2.

Come ad go with me, entrance there is free.
Jesus paid it all that day on Calvary.
They'll be no strangers there in that city fair.
Just one big family, when we all get there.
